✂

I am using the Smart Citizen Kit for my fourth year project at the University of Glasgow. I seem to

It took some time but after a couple of hours I finally managed to successfully configure the kit

```
..
*****
Temperature: 26188 C RAW
Humidity: 30352 % RAW
Light: 39.60 lx
Battery: 100.00 %
Solar Panel: 0 mV
Carbon Monoxide: 204.36 kOhm
Nitrogen Dioxide: 16.04 kOhm
Noise: 112 mV
Wifi Spots: 0
UTC: 2000-01-01 00:36:05
*****
"
```

Can you help me to resolve this issue?

Kind regards,

Petar Yordanov.

Response:

Hi Peter,

Sorry for the late response. I hope you are doing fine.

We are sorry to hear that you are having problems with the deployment of your SCK.

Anyway, the feedback you are getting leaves not doubt! Your kit is not getting connected to any of

Have you tried the Smart Uploader on our platform!? Yesterday I configured 7 SCKs using it (see [http://smartcitizen.me/posts/view/11](#))

On the other hand, you could also use "the compilation way" (<http://smartcitizen.me/posts/view/11>)

In any case, it can be also the type of wireless LAN you are trying to connect to. Are you sure you

I hope this info helps. If necessary, we could give you a hand via Skype/Hangout.

I look forward to hearing from you soon.

Kind regards,
Aitor.
